KATAHDIN TRUST ENCOURAGES TEENS TO 'GET SMART ABOUT CREDIT'

Houlton, ME Katahdin Trust is teaming up with the American Bankers Association Foundation's *Get Smart About Credit* program as part of an ongoing effort to teach Maine teens how to effectively use credit.

The program, now in its 13th year, is a national campaign of volunteer bankers who help young people develop responsible credit habits. Katahdin Trust will utilize the program's awareness day, *Get Smart About Credit Day* (held on October 15, 2015), as an opportunity to visit Maine schools and speak to students. Katahdin Trust volunteer employees will present lessons to students throughout Aroostook County and the Bangor area on important financial obstacles facing teens, including paying for college, building good credit habits, managing their money and protecting their identity.

"Access to financial education is critical for teens and young adults," said Vicki Smith, Senior Vice President of Marketing and Communications at Katahdin Trust. "*Get Smart About Credit* gives Katahdin Trust an opportunity to equip local students with the knowledge and skills they need for a financially fit future."

Katahdin Trust offers these seven tips to give students an edge on mastering personal finance:

1. **You are in charge.** You are responsible for your finances and you should act accordingly by creating a realistic budget or plan and sticking to it.
2. **Watch Spending.** You control your money, determining how you spend or save it. Pace spending and increase saving by cutting unnecessary expenses like eating out or shopping so that your money can last throughout the school year.
3. **Use Credit Wisely.** Understand the responsibilities and benefits of credit. How you handle your credit in college could affect you well after graduation. Shop around for a card that best suits your needs.
4. **Utilize Your Bank Account.** Banks are more than money in a vault. They offer valuable services that students can benefit from like check cashing, debit cards, mobile and online banking, balance alerts, personal loans, direct deposit, financial education and some offer identity theft protection.
5. **Be particular when it comes to money.** Don't just trust anyone with your money. Be skeptical of classmates, friends or salespeople that have ideas for your money.
6. **Save.** Things happen, and it's important that you are financially prepared when your car or computer breaks down or any one of life's unexpected emergencies. No matter how small the amount you should start putting some money away immediately.
7. **Ask.** This is a learning experience, so if you need help, ask. Your parents or your banker are a good place to start and remember the sooner the better.

Katahdin Trust Company, established in 1918 with over \$680 million in assets, provides banking services to individuals and businesses from nineteen offices throughout Maine and online at KatahdinTrust.com.
